Neuer SU-matic OKUMA Katalog für die statischen Revolver

Wir freuen uns, Ihnen unseren neuen SU-matic OKUMA Katalog für den statischen Revolver vorzustellen. Dieser beinhaltet nur Einheiten, welche für die statischen Drehmaschinen entwickelt sind.

The image shows the cover of a catalog for SU-matic OKUMA static turret tool holders. At the top left is the SU-matic logo, and at the top right is the 'Tooling expert.' logo. Below the logos, the text 'Für Statische Revolver' is displayed. The central part of the cover features four different models of tool holders: two in a dark red finish and two in a black finish. Below this, a yellow box contains the following text:

Werkzeughalter für
